

10 Years of Creating Beautiful Smiles

The winter is over and spring flowers are blooming! It's a great time to catch up with the families in our practices and share some items of interest with you.

We will be celebrating 10 years of creating beautiful smiles this summer! Our practice continues to grow through good times and bad due to the kind referrals of our existing patients. We take that as the highest compliment and would like to say "Thank you."

We placed the names of all the families that have referred new patients to our practice over the past 6 months in a drawing for a \$75 gift card for dinner at Not Your Average Joe's in Newburyport. Our lucky winner was The Eagan family! Thank you to all the families who have helped us grow. We are putting together a patient referral program with a special way to say thank you. Stay tuned for details in the Summer Newsletter!

Orthodontic Treatment for Adults

Karen's Story

Some people buy a new car or other big toy during their mid-life crisis. I chose to get braces. I figure very few things are perfect in life, so why not have perfect teeth and a beautiful smile. So begins my journey down Braces Lane...

Were they that bad? No. Some days it was not fun eating, but who doesn't like milk shakes, frappes and frozen yogurt? The little sacrifices like nuts, popcorn, gum and nachos wasn't always easy, especially when I watched my boys enjoying them.

Yet, I had that final image of that million-dollar smile in my head. Boy, I couldn't wait to knock people out when I flashed my new smile. I also enjoyed the compliments I received about how young I looked. So would I do it all over? Yes! My new smile was worth the sacrifice and Dr. Pavlo did a fabulous job. So Dr. Pavlo changed my smile...Now I can change the world!

Thank you Dr. Pavlo and all of our patients and families who helped me along this journey.
